Re: Termination of Representation

Gentlemen:

It has become apparent that we have performed minimal services for Eagle Security Group, Inc. (Eagle) for a substantial period of time. Further, as we have previously discussed, payment of our fees by Eagle is now seriously in arrears.

Importantly the difficulty we have had over time with Eagle following our advice and counsel and /or implementing recommended courses of action, current management issues, and Eagle's current financial condition all have led us to conclude that it is necessary for us to terminate our relationship.

Therefore, in light of the foregoing circumstances we have reached the regrettable conclusion that we must terminate our engagement by Eagle. Accordingly, we will no longer be rendering legal services to Eagle and will have no further attorney-client relationship.

We encourage you to retain new counsel. We will be pleased to assist in the transition of any files to you or to new counsel, as you may direct in writing. In the absence of any request, we will retain our files in accordance

with our firm's policy, which also provides that files may be destroyed in the future after notice to you.

We regret the circumstances that have necessitated this action, but we wish you every success in your future endeavors.

Very truly yours,

George F. Bradlau & Associates, PLLC
