Based on our appraisal it is currently \$118 per share. We have offered as settlement an additional \$42 i.e. \$160 per share. This is the mid point between our respective appraisals.

Hi

I forgot what Steve thought he could recommend to client to settle with us, can you tell me again? If not don't worry, I'm sending you a letter in the morning outlining our position, asking some questions about your position in the appraisal and requesting if you will accept witness subpoenas.

Thanks
